**FROM THE DEEPEST CORE OF
MY HEART**

"One grain has to bury itself alive to give birth to a corn field, by burying itself the grain does not die, rather it gives birth to a new corn field"

With immense pleasure I am to bring out the 24th Annual Report of NEW INDIA for the year 2018-19 summarizing its activities and achievements. NEW INDIA was incepted on 2nd October, 1993 and although more than 2 Decades have passed it seems like yesterday. Our patrons, our guide, our advisors, the community people, the supporters and all concerned have made it possible. We owe everybody a sincere thanks, gratitude and much more. The countless valuable contribution of all is acknowledged with appreciation and gratefulness.

On behalf of NEW INDIA family, I convey my heartfelt thanks to those who have extended their uninterrupted support to us in providing the ingredients to march ahead and ultimately benefit the vulnerable and poorest section of the society.

NEW INDIA always believed in work, not in complacence. Complacence kills, stops growth and development. Now-a-days when the pace of change is so rapid so also embarrassing.

During the year we have successfully completed a series of activities in PPP mode that gives us a smile to have been able to address many issues which adversely obstructs the lives of rural, tribal and people living in urban slums of our operational area at Dhenkanal, Cuttack and Baragarh districts of Odisha. This 24th Annual Report is a humble testimony of our determination, dedication and achievements.

We expect the same enthuse, involvement and cooperation from all as usual.

Sheshadeb Rout
Secretary-Cum-Chief Functionary
NEW INDIA

Introduction:

NEW INDIA, since its inception in 2nd October 1993, has been working to provide a platform for the vulnerable and deprived sections of the community whose voices remain unheard, fights ignored and basic entitlements are not accomplished. Therefore the main focus then was to create sensitization and awareness among people, mobilizing youth and working towards people's collectives to let them realize their entitlements and strive to access. With changing development context and people's knowledge and graduated need, the organisation relooked its strategic mandate and supported education, livelihood, financial inclusion, health and sanitation services. It has always reset its course to reinforce its commitment to the issues of human rights and poverty alleviation. In this light the organization has in the last 24 years expanded its gamut of activities based on the needs of the people. It adheres to an approach which is subject specific and works with a strategic framework, predominantly in a mission mode to address the diverse problems.

NEW INDIA stands tall to-day for the endeavour of a group of volunteers who untiringly worked and bestowed knowledge, time and support to help reach many milestones. To be more focused the pioneer of **NEW INDIA** realized that the project based activities alone are not enough to meet its stated objectives and soon adopted larger development framework with gamut of developmental, techno-social and social enterprise approaches.

The district of Dhenkanal was under the rule of kings during pre-independence and was subject to oppression and exploitation for ages. Even after about four decades of the independence the district had indicators low in terms of Human Development Index. This syndrome disturbed many; some of which came forward to associate and form a society, christened it NEW INDIA and legalized the association. The event materialized in the year 1994. Originally squeezed to address local issues, NEW INDIA graduated to become a state level agency (the legal registration permitting it) and embrace a wide range of sectors, sub-sectors and a wider range of geographical coverage within the defined contours of defined development.

24 years; in consideration of the annals of the history is not a long journey, 18 moments of contribution are worthy. We are definitely proud of our contributions. On the other hand, we have and are still; learning from our follies; strengthening our modus operandi.

We are reinforced by a rich human resource, in terms of experience, knowledge, skill and aptitude to community development. We are obliged a lot, to the society we look forward;

- To function as a Voluntary Organization & maintain a Non-Govt., Non-Political and Non-Profit Making character.
- To Develop & promote voluntary action in social development.
- To develop IEC materials, aids and techniques for formal school education, child labour, non-formal education, special education for blind, deaf and dumb, health and sanitation education, social forestry, environmental protection, water management, wasteland development programmes and movements.

- To promote social justice, equality and human rights, especially for children, women the working classes, the tribal and other poor and deprived section of society.
- To conduct comprehensive research, impart education and training ITI & Nursing training centre and provide professional services on problems relating to social, economic, technological, cultural, environmental and other aspects for change and development.
- To preserve cultural heritage, such as folk art, folk songs, plays monuments, manuscripts, oral tradition, ancient forms of arts and crafts and to support arts, music, poetry, dance and drama as instruments of culture and national integration.
- To undertake research on social, economic, environmental, technological, cultural and other problems associated with the process of social development and studies of policies and development programmes.
- To prepare youth to tackle national calamities, such as flood, cyclone, drought, earthquake and avalanche etc. and to preserve and protect the wild life, the rare species of flora and fauna and newly planted samplings.
- To work for promotion of Human Rights/ Child Rights.
- To undertake social defense activities like Drug-De-addiction centre, family counseling centre, Day Care centre, vocational training for disabled youths etc.
- To promote indigenous technical knowledge and approaches to Gandhian concepts of health, education, sanitation and rural development
- To focus entrepreneurship for self employment and micro-enterprise in rural areas

NEW INDIA INTERVENTION 2018-19

A. COMMUNITY HEALTH

1. Management of Dadaraghati PHC (N), Dhenkanal under PPP Mode

Being a community health service provider **NEW INDIA** in association with NHM, Odisha and ZSS, Dhenkanal has been managing Dadaraghati PHC (New) under PPP mode. The mission is to provide health services with the basic philosophy of Inclusive Growth, in the primary health care service through PPP Mode of NHM, Odisha as per mandate of the Government. FY 2018-19, **NEW INDIA** marks the Sixth year of management of the PHC (N) under PPP mode.

The project is operation since 15-03-2010 to date. Prior to take over of the above P.H.C. (N), there were no required staffs except an AYUSH Doctor and a Pharmacist who were posted since last 2 years then. After taking over the charges of P.H.C. (N), a Medical Officer, M.B.B.S. (Retd.) and a Medical Officer (AYUSH) qualified Pharmacist, A.N.M., Laboratory Technician and Attendant-cum-Sweeper have been posted by NEW INDIA. One Project Coordinator has also been appointed to coordinate the activities.

Geographically it is located in the corner most part of Dhenkanal district adjacent to Pallahara sub-division of Angul district, also bordering to Keonjhar district. It is catering to the services of 4 G.P.s viz. Manikamara, Gengutia, Basulei and Akhuapal with population of about 30000. There are 5 sub-centres functioning under this PHC namely Manikamara, Rangathali, Kadapada, Kulei and Kualo.

Facilities available

- Out Patient's Department (General)
- Out Patient's Department (AYUSH)
- Pathological Tests
- Panchavyadhi Chikitsa
- Antenatal and Post Natal Care (ANC/ PNC)
- Institutional Delivery

Besides, **NEW INDIA** has also organized outreach Health camp in remote and cut-off areas, identification of quacks and oriented them on primary health care service and follow up organized area specific innovation activities in association with CHC, Parjang.

2. Management of Khankira PHC (N), Dhenkanal under PPP Mode

Since 20-11-2015, **NEW INDIA** has been managing Khankira PHC (N) under PPP mode for providing health services with the basic philosophy of Inclusive Growth, In the primary health care service through PPP mode of NHM as per mandate of the Government. FY 2017-18 marks the Third year of management of Khankira PHC (N) by NEW INDIA.

Prior to take over of the above P.H.C. (N) there was no required staff except an AYUSH Doctor and a Pharmacist who were posted since last 2 years. After taking over the charges of P.H.C. (N), a Medical Officer, M.B.B.S. (Retd.) and a Medical Officer (AYUSH) qualified Pharmacist, A.N.M., Laboratory Technician and Attendant-cum-Sweeper have been posted by NEW INDIA. One Project Coordinator has also been appointed there to coordinate the activities.

Geographically it is located in the corner most part of Dhenkanal district adjacent to Jajpur district, also bordering to Cuttack district. It is catering to the services of 3 G.P.s viz. Khankira, Laulai and Ratanpur of Gondia Block.

Facilities available

- Out Patient's Department (General)
- Out Patient's Department (AYUSH)
- Pathological Tests
- Panchavyadhi Chikitsa
- Antenatal and Post Natal Care (ANC/ PNC)
- Institutional Delivery

3. MANAGEMENT OF URBAN PHC (UPHC-2) STATION PADA, BARAGARH CITY

NEW INDIA has been providing health services at Baragarh city with the basic philosophy of inclusive growth in the primary health care service through PPP Mode of NHM, Odisha as per mandate of the Government. FY 2017-18 marks the 1st year of management of the UPHC-2 in Baragarh city by **NEW INDIA**.

The organisation took over the charge of management of UPHC-2 in Baragarh city since 26 July -2016. The program was inaugurated by the Collector, Baragarh in presence of the CDMO and ADMO,(PH) Baragarh. The UPHC Management program is being regularly monitored and guided by the CDMO, Baragarh and ADMO (PH) Baragarh. The services of the UPHC are reflected as under:

- OPD Consultation (Morning 8-11 AM and 5-8 PM)
- Weekly special OPD Services (O&G) and Paediatrics
- Free medicine as per the Govt. EDI
- Diagnostic services: Pathology test, i.e. malaria, dengue, hemoglobin, urine, albumin and sugar, RPR, test for syphilis and Blood Grouping and Rh typing etc.

Planning:

- Preparation of city PIP
- Identification of major issues
- Mapping vulnerability assessment of slums
- Assessment of existing health care institutions
- Stakeholders consultation

Services under UPHC

- Clinical/Institution based service

1.1 Maternal Health

- Early registration of all pregnancies in the first trimester (before 12th week of pregnancy) is done. However, even if a woman comes late in her pregnancy for registration she is being registered and care given to her according to gestational age. Recording of tobacco use by all antenatal mothers.
- Minimum 4 antenatal checkups and provision of complete package of services during the specialist visit.
- Follow up with high risk cases
- Tracking of left out ANC cases.

- Associated services like providing iron and folic acid tablets, Tetanus Toxoid injection etc. Ensuring at-least 1 ANC preferably the 3rd visit is seen by doctor.
- Counseling services
- Nutrition and health counseling. Brief advice on tobacco cessation if the antenatal mother is a smoker or tobacco user is awarded about dangers of life of both mother and baby.
- Identification and management of high risk and alarming signs during pregnancy and labour. Timely referral of such identified cases to FRUs/ other hospitals which are beyond the capacity of Medical Officer UPHC to manage are done.
- Free services under communicable and non-communicable diseases free of cost is being provided in the UPHC.

1.2 SAB Delivery Services in UPHC with DP

In some of selected UPHCs, SAB delivery services would be available to minimize normal delivery load at 2nd referral hospital. In such case, JSY benefit is being disbursed to the beneficiaries.

1.3 Family Welfare (FW) services

- ❖ Education, Motivation and Counseling to adopt appropriate Family planning methods are done.
- ❖ Provision of contraceptives such as condoms, oral pills, emergency contraceptives, IUCD insertions is available.
- ❖ Referral and Follow up services to the eligible couples adopting permanent methods (Tubectomy/Vasectomy) is done.
- ❖ Counseling and appropriate referral for couples having infertility is carried out.

1.4 Management of Reproductive Tract Infection:

- ❖ Sexually Transmitted Infections • Health education for prevention of RTI/STIs.
- ❖ Treatment of RTI/STIs.

1.5 Nutrition Services (coordinated with ICDS)

- ❖ Diagnosis and nutrition advice to malnourished children, pregnant women and others.
- ❖ Diagnosis and management of anemia and vitamin A deficiency.
- ❖ Referral of SAM cases to NRC in the fixed day

1.6 Immunization services

Immunization session is being held on each Wednesday in all the immunization points. The Staff Nurse ensures immunization in the UPHC. The ANM organizes minimum 4 sessions in every Wednesday of the month. They organize the sessions based on the micro plan developed at the UPHC.

1.7 Micronutrient (Vitamin A & IFA) management:

Supervised weekly distribution of Iron-Folic with education about the issue and administration of Vitamin A in identified cases.

1.8 De-worming:

Supervised Bi-annually schedule Prior IEC Siblings of students also covered.

2 Outreach services

- ❖ Regular immunization in fixed day basis in a fixed site
- ❖ UHND in fixed day basis in a fixed site
- ❖ Periodic Health checkups and health education activities, awareness generation and Co-curricular activities by MAS and ASHA
- ❖ Promotion of Safe Drinking Water and Basic Sanitation through community groups like MAS, Urban ASHA and others
- ❖ Chemoprophylaxis for Malaria in high malaria endemic areas for pregnant women as per NVBDCP guidelines.
- ❖ Disinfection of water sources and Coordination with Public Health Engineering department for safe water supply by MAS and WKS.
- ❖ Promotion of sanitation including use of toilets and appropriate garbage disposal
- ❖ Testing of water quality using H₂S - Strip Test (Bacteriological).
- ❖ Refer to district public health laboratory
- ❖ Referral transport to pregnant women and sick neonates
- ❖ Promotion of RSBY to BPL families for free treatment of complicated diseases in empanelled health institutions in Cuttack city.

4. MANAGEMENT OF URBAN PHC (UPHC-BIDYADHARPUR) BARANG, CUTTACK

NEW INDIA has been providing Urban PHC (UPHC) at Bidyadharpur, Baranga in Cuttack city with the basic philosophy of Inclusive Growth, in the primary health care service through PPP Mode of NHM, Odisha as per mandate of the Government. FY 2016-17 marks the 1st year of management of the UPHC in Cuttack city by NEW INDIA.

The organisation took over the charge of management of UPHC-2 on 27 December 2016. The UPHC Management program is being regularly monitored and guided by the CDMO, Cuttack and ADMO (PH) Cuttack. The services of the UPHC are mentioned as under.

- OPD Consultation (Morning 8-11 AM and 5-8 PM)

Family Welfare (FW) services**, • Education, Motivation and Counseling to adopt appropriate Family planning methods. • Provision of contraceptives such as condoms, oral pills, emergency contraceptives, IUCD insertions. • Referral and Follow up services to the eligible couples adopting permanent methods (Tubectomy/Vasectomy p) • Counseling and appropriate referral for couples having infertility.

Management of Reproductive Tract Infection: Sexually Transmitted Infections • Health education for prevention of RTI/STIs. • Treatment of RTI/STIs. **Nutrition Services (coordinated with ICDS)** • Diagnosis and nutrition advice to malnourished children, pregnant women and others. • Diagnosis and management of anemia and vitamin A deficiency. Referral of SAM cases to NRC in the fixed day

Immunization services, Immunization sessions are being held on each Wednesday in all the immunization points and hospital. The staff nurse ensures immunization in the UPHC. The ANM organizes minimum 4 sessions in every Wednesday of the month. She organizes the sessions based on the micro plan developed at the UPHC at Bidyadharpur, Baranga in Cuttack city.

5. Management of Arogya Plus (MHU), Dhenkanal under PPP Mode

To provide primary preventive, curative and primitive health care services and referral health services, NEW INDIA since 1-4-2011 till date has been managing Arogya Plus targets the people in remote areas in reaching to whom the existing health services are not available. Under this scheme, a Mobile Health Unit comprising of one Doctor, one Pharmacist and one ANM long with one Attendant reach out to these un-served populations at regular intervals. In the camp medicines are being distributed free of cost. As part of the program activities, frequent health check up and awareness camps are being organized.

NEW INDIA has been assigned to cover Kantol, Balikuma, Maruabili and Kerajuli villages in Kankadahad block of Dhenkanal district. As per the norms, two health mobile stations are conducted per day for 22 days in a month (44 stations in a calendar month). Other programmes are regularly conducted like immunization, awareness on Dengue, Sun stroke, School programme, Health Checkup camps at all Anganawadi Centers and all Schemes of the G.P. The organisation also offers referral support to the patients having severe health hazards apart from rendering area saturated integrated health development services in the inaccessible area of the block under Dhenkanal district, Odisha. The GKS (Gaon Kalyan Samitis) are being strengthened. As part of its services ANC/PNC activities are being undertaken and reinforced. Awareness is also focused on STI/RTI/HIV/AIDS etc.

Arogya Plus team basically renders curative, RCH, Referral, Family Planning, Diagnostics, IEC/BCC, School Health Service and other related health services as directed by ZSS and NHM, Odisha from time to time.

6. Community Process Activities in Dhenkanal Municipality

NEW INDIA with the support of NHM, Odisha and ZSS, Dhenkanal has taken up community process activities in 12 Wards of Dhenkanal urban area. The objective behind the program is to form and strengthen Mahila Arogya Samiti (MAS) is a forum of Women Group of the slum who desire to contribute to well-being of the community with a sense of social commitment and leadership skill to look after their health and its determinants in holistic manner. One MAS (Mahila Arogya Samiti) shall cover 50-100 slum households with flexibility in consideration with the size and concentration of the slum population preferably within a particular ward. In case of bigger slums having more than 100 households, number of MAS may be formed based on the slum household coverage (one MAS per 50-100 slum households) to strengthen the community mobilization process at the grassroots level

Composition: One Mahila Arogya Samiti shall be consisting of 11-15 women members depending on the slum. Representation shall be ensured from all pockets and each community of the slum Social acceptance of the members is ensured by consulting with family members and community MAS is to headed by a President and other office bearers are Secretary and Treasurer who usually are selected / nominated by the group members. The Secretary of the MAS is the ASHA of that particular area of the slum Members of MAS and chosen from existing women groups formed under various Government schemes and programs like SJSRY, etc. ASHA, Anganwadi Worker of that particular slum area be incorporated as member of the Samiti. While selecting the members, preference is given to those women who are vibrant and dwelling longer in that slum In case of drop out/continuous absence in the meeting /absence for a longer period or other reasons of any MAS member(s), Samiti is to decide about engagement of new member(s).

Roles and Responsibilities of MAS:

Act as community peer group on health, nutrition, water, sanitation and hygiene

- ❖ To identify health, water, sanitation and nutrition related issues/problems in their slums
- ❖ To discuss the same with frontline workers, members of WKS, facilitating NGOs etc. Create awareness and generate demand in slum on MNCHN, WASH and other health related issues.
- ❖ To Ensure referral linkages for MNCHN, WASH and other health related services.
- ❖ To Mobilize community for attending outreach camps, UHND sessions, routine immunization sessions, etc.
- ❖ To Help in identifying left out cases for immunization/UHND and in preparation of the due list for immunization.
- ❖ To Track pregnant and infants for timely immunization and other health related issues using health resource map

Apart from the Above, **Orientation training for Ward Kalyan Samiti** members training programs were also organised in Dhenkanal district, Odisha. They were also awaked about their role and responsibilities.

7. Awareness on Malaria, Dengu & Diarrhoea programme with DAMAN camp.

NEW INDIA has arranged a number of awareness campaigns on **Malaria, Dengu & Diarrhoea programme with DAMAN camp** in the villages under Gondia, Bhuban & Odapada block of Dhenkanal district with the financial support of District Water & Sanitation Mission. The concerned B.D.O., Sarpanchs of concerned Block Extension Officer, local ASHA, SHG members and concerned villagers participated in the said campaigns. Everywhere B.D.Os have presided over the campaigns as Chief Guest and in every villages it has proved to be the best achievement as it reveals from the gatherings and participation of all concerns of the society. This campaigns have been able to focus and brought a good mind set up in the society about **Malaria, Dengu & Diarrhoea programme with DAMAN camp at Ekul Sekkul in Parjanga block under Dhenkanal district.**

8. Awareness on PC & PNDT Programme

Despite implementation of several schemes including Biju Kanya Ratna Yojana (BKRY) in the State, the child sex ratio has declined to 877 girls for 1000 boys in Dhenkanal district. Under the prevailing circumstances, NEW INDIA being the District Advisory Committee member (PCPNDT) out of its own contribution frequently conducts massive awareness at Dhenkanal, Baragarh and Cuttack districts of Odisha. The mission is to eliminate the existing scenario of female feticide and to change the mindset of the common people on BETI BACHAO, BETI PADHAO. The awareness is being spread through IEC/BCC campaign, counseling, cultural program, and by way of organizing different focus group discussion and large group discussion among the target audience.

The decreasing number of girls in comparison to the male children born every year has been a matter of utter concern. This is a syndrome that has grasped the entire civilization irrespective of habitat, rural or urban. The female fetus pushed to dark in the womb itself. The Government of India has formulated an act to curb the heinous act of female feticide; known as the Pre-Conception and Prenatal Diagnostic Test (PC & PNDT) Act. Everybody associated with the prenatal diagnostic test and subsequent feticide is punishable under this act.

NEW INDIA was assigned to implement the act in 8 blocks of Dhenkanal district. Under this programme during 2017-18 an intensive awareness campaign was launched by NEW INDIA, involving health institutions, private practitioners, women collectives etc.

9. Adolescent Health Camp

The organization NEW INDIA has been progressing a lot through organizing **Adolescent Health Camp to give them the basic education on reproductive and sexual health**. Unless and otherwise the village people develop, the country can't be said to be a developed one. So in order to aware the new aspects of reproductive and sexual health in the present age which is a boon of science & technology, NEW INDIA has formed SHGs in the hamlet areas and villages. Adolescents from the above villages have been picked up to the SHGs and they were given awareness trainings on Reproductive and sexual health.

10. Measles & Rubella Campaign, CHC, Sriramchandrapur

The organization **NEW INDIA** has from time to time organises different IEC/BCC and social mobilization events to give basic education to the larger community regarding prevention and control of **Measles & Rubella**. **Those are the dreaded diseases which the common men should know to alert and avert. In this backdrop**, NEW INDIA has formed SHGs in the hamlet areas and villages. Women from the above villages have been picked up to the SHGs and they were given awareness regarding the preventive, curative, promotive and rehabilitative aspects. The program is being going on in full swing covering the interior and inaccessible regions in Parjanga and Gondia blocks under Dhenkanal district and Bhatli block under Baragarh district, Odisha.

11. Implementation of 102 Ambulance

The organization **NEW INDIA** has been running 102 Free of Charge Ambulance service for the pregnant women and children up to 1 year. The services have been operationalised since 14 July, 2014 till date as per Govt. guidelines. There are 10 numbers of Ambulances being run at Dhenkanal and 04 number of Ambulance at Angul district of Odisha. The program is being supported by Ziqitza Health care limited, Mumbai and National Health Mission, Government of Odisha.

The Base locations of the Ambulance services are as follows

Dhenkanal. Pingua PHC (N), Sreeramchandrapur CHC- Gondia, DHH- Dhenkanal, Beltikiri PHC, Odapada CHC, Khajuriakata PHC, Dhirapatana PHC, Kankadahad PHC, Birasal CHC.

12. Bio Waste Management.

The organization **NEW INDIA** has been progressing a lot through construction of Bio waste pits. Unless and otherwise the village people develop, the country can't be said to be a developed one. So in order to aware the new things coming up in the present age which is a boon of science & technology, NEW INDIA has formed SHGs in the hamlet areas and villages. Women from the above villages have been picked up to the SHGs and they were given awareness trainings on Bio waste management in scientific manner for high yield with high income and upliftment of their socio-economic condition. This programme has been running by NEW INDIA in Parjanga block of Dhenkanal district

B. Women & Child Development Programme

1. IGP for Women under SHG Federation

NEW INDIA has implemented the vocational and skill development training to adolescent girls (under general G.I.A. scheme) in Gondia block of Dhenkanal district. 30 remote villages of Gondia block in Dhenkanal district were selected in 2018-19 identifying 90 nos. needy adolescent girls and arrangement was made to train up those adolescent girls inviting resource persons from the Govt. machineries.

After successful completion of trainings, the above adolescent girls have been engaged in vocational training in the event of bamboo craft and food processing work. As this has been a very good income generated source of the adolescent girls, their families have expressed gratitude to NEW INDIA family. Besides more 30 students at own cost have been trained up.

2. Creche Programme

NEW INDIA has been running 3 crèche centers at Banabaspur, Tenteipadada and Bidhapur in the Gondia Block of Dhenkanal District for the benefit of families who live below the poverty line and poor communities. They are supported by the State Social Welfare Board and the Rajiv Gandhi National Creche Scheme. 83 children within the age group of 5 years attending the crèche centers. Each centre is managed by two nos. of teachers and to help with tasks such as giving out supplemented-nutrition food and health checkups along with managing teaching and learning materials. The teaching is based on a non-formal approach. In each center, the parents and teachers meet to monitor the crèche centers effectively. The centers run from 9am to 5pm

3. Women Labour Awareness

NEW INDIA has successfully organized 5 women labour awareness camps at Santhapur, Santhasara, Mukundapur, Thakurpal and Khankar villages in Gondia block under Dhenkanal district. The villages we selected are more women labour prone with adequate inhabitation of SCs and STs. There were 25-30 women participated in each awareness campaign. The social activists, legal advisors, experts, educationists and advocates awakened the women labour on various welfare aspects. Apart awareness was also spread on mainstreaming child labourer thereby detecting them from the child labour system. The awareness was created through lecture, group discussion, group presentation and display of audio-visual aids. Besides, the organization printed and distributed resource materials in shape of leaflet and posters highlighting the do's and don'ts against women labour.

1. Running of Village Library

In collaboration with Raja Rammohan Roy Library Foundation (RRRLF), Kolkata NEW INDIA has been running one library in the village at Santhapur under Gondia block of Dhenkanal district. It has been equipped with more than 7000 different types of books, manuscripts, journals, audio CDs, T.V and daily newspapers. During 2017-18 every day more than 40 people on an average visited the Library and enjoyed through it. A Librarian has been posted to look after the day to day affairs of library. During the year 2017-18 a new building has been constructed with the financial support from S.J. Baishnav Parida, MP, Rajyasabha. The library is running in full swing.

2. Running of NEW INDIA Sangeet Natak Lalit Kala Vidyalaya

For the development of cultural skills, NEW INDIA has constantly given efforts by setting up the Sangeet Natak and Lalit Kala Mandir Institution at Kunjakanta, Dhenkanal. The institution has been affiliated with State Sangeet Natak Academy and Odisha Lalit Kala Academy, Bhubaneswar. During this year 120 students have appeared the examination and all have come out successfully & awarded with certificates from the State Academy. There were 82 students appeared their examination viz- Shree Adya, Shree Purna, Bhushan Adya, Bhushan Purna, Shastri Adya and Shastri Purna both in theory and practical under the guidance and supervision of Odisha Sangeet Natak Akademi, Bhubaneswar.

D. Development and Empowerment of Youth, Adolescent

The organization NEW INDIA has implemented a program on advocacy, counseling and awareness for the development and empowerment of the youth and adolescents of Dhenkanal district. There were 25 youths and adolescents from different blocks of Dhenkanal participated in the camp. The duration of the camp was one day. During the camp awareness and counseling offered to them for their own development and empowerment. The organization invited resource faculties from the district administration and local line departments to awaken the youth and adolescents on various issue that leads to universal brotherhood and enhanced leadership for the youth.

1. Career Counseling

As part of its adolescent's empowerment program, NEW INDIA has implemented a program on CAREER COUNSELING followed with advocacy, counseling and awareness for the career counseling, personality development, leadership skill development, enhancement of crisis coping mechanism and functional skill enhancement of the adolescents. Development and empowerment of the youth and adolescents of Dhenkanal district. There were 58 youths and adolescents from different blocks of Dhenkanal participated in the Mega camp. The duration of the camp was one day. During the camp awareness and counseling offered to them for their own development and empowerment. The organization invited resource faculties from the district administration and local line departments to awaken the youth and adolescents.

NEW INDIA has implemented the vocational and skill development training to unemployed youth in Gondia block of Dhenkanal district. 15 remote villages of Gondia block in Dhenkanal district were selected identifying 90 nos. needy adolescent girls and arrangement was made to train up those adolescent girls inviting resource persons from the Govt. machineries. After successful completion of trainings, the above adolescent girls have been engaged in vocational training in the event of bamboo craft and food processing work. As this has been a very good income generated source of the adolescent girls, their families have expressed gratitude to NEW INDIA family. Besides more 30 students at own cost have been trained up.

E. Agriculture & Horticulture Programme

1. Water Harvesting Structure

NEW INDIA has mobilized the community volunteers and village youth of Gondia block in Dhenkanal to contribute their voluntary labour for construction of a water harvesting structure in Gondia block of Dhenkanal district in which almost 50 farmers from different villages of Gondia block, participated. The organization invited resource persons from the Govt. machineries. After successful completion of the water harvesting structure it was put for public use. Due to the water harvesting structure about 30 hector of land have been irrigated.

2. Farmer Training

Keeping in view to transfer improved methods of agriculture produce, farmers insurance, linkage with Agriculture Department and line departments and to awake them about Pradhan Mantri Kishan Sampad Yojana the organization conducted phase wise training of the farmers in Gondia block of Dhenkanal district. There were 10 batches of training completed covering 250 farmers of Gondia block. The Agriculture experts, horticulturists, progressive farmers imparted training and shared with the farmers about improved agriculture cultivation. The program is being continued and the organization is proposing to conduct another 30 batches of training for the farmers in Gondia block of Dhenkanal.

3. Horticulture Bael seedling plantation under AYUSH mission

The organization under Horticulture Bael seedling plantation under AYUSH mission planted more than 1000 seedlings of Bael, peepal and Banyan at the public waste lands in Gondia block under Dhenkanal district. Mr. Sheshadeb Rout, the Secretary, NEW INDIA leads the team of volunteers and inspired them to plant the seedlings. The mission of transplanting those plants is to create the general consciousness in the mindset of the common men about the utility value of the medicinal plants. Apart from Horticulture based Bael seedling plantation community level awareness created among the general public for its proper care and maintenance with supervisory arrangements for watch and word.

4. Bamboo Plantation

NEW INDIA has developed Bamboo plantation in Gondia block of Dhenkanal district in which almost 34 farmers from Gondia block, Dhenkanal were participated. The horticulture garden has been established to offer demonstration and counseling to the aspirant farmers of the locality. The organization invited resource persons from the Govt. machineries like Forest Dept. And Soil conservation Dept. Of Dhenkanal District.

F. Social Defense & Welfare Programme

1. Programme for Senior Citizen

It has been seen that the older persons are being neglected by their family members and the cases are rising day to day more in joint families. The family head with other younger members are feeling that the older persons are not the integral part of the family and they have nothing any decision power in day to day family management. In many case older persons are not getting proper care, nutrition food, recreational services, and health services, social & cultural facilities in the family and surrounding also. Realizing the immerging situation New India Team has started older persons care program at Santhapur in which 22 nos. senior citizens are getting care facilities.

2. Widow Home

The organization NEW INDIA raises the level of community awareness to take proper care and maintenance of the destitute and helpless **widow and other problematic women**. Special attention was given for their institutional based care and rehabilitation. In this regard community meetings, counseling sessions and environmental modification activities were carried out in our operational area. The organization has been set up a Widow Home at the office campus of NEW INDIA situated at santhapur in Gondia block, Dhenkanal district. There are 21 widows residing in the widow home. The organization offers free of charge fooding, clothing and shelter facility to the widow accommodated in the home.

3. Physiotherapy Training

NEW INDIA organization has set up a Physiotherapy clinic in the office campus of NEW INDIA located at Santhaur in Dhenkanal district of Odisha. It has been seen that the senior citizen are being neglected by their family members and the cases are rising day to day more in joint families. The family head with other younger members are feeling that the older persons are not the integral part of the family and they have nothing any decision power in day to day family management.

The older persons are not getting proper health care, nutrition food, recreational services, and health services, social & cultural facilities in the family and surrounding also. Realizing the emergency New

India Team has started older persons care program at Santhapur in which 43 nos. older persons are getting care facilities under Physiotherapy clinic.

4. Drug De-addiction Center

NEW INDIA has mobilized the community volunteers and village youth to lead drug and alcohol free life. For this purpose, the organization has set up a drug de addiction centre at Santhapur in Gondia block Dhenkanal district to offer counseling, guidance and treatment to the drug addicted youth. The organization invited resource persons from the Govt. machineries. The awareness on prevention of alcoholism and substance drug abuse was spread through public meeting, advocacy campaign and treatment centre run by the organization.

G. Right Based Activities

1. Consumer Awareness

Consumerism has grasped all sections of society, irrespective of habitat across the country. In one hand it has facilitated availability of qualitatively superior materials in the vicinity and in other hand it has given rise to many malpractices by the traders, manufacturers and service providers to cheat the consumer.

Addressing the issue, the organization arranged different IEC/BCC campaign and social mobilization events to awake the community.

2. District Consumer Counseling Centre

Consumerism has grasped all sections of society, irrespective of habitat across the country. In one hand it has facilitated availability of qualitatively superior materials in the vicinity and in other hand it has given rise to many malpractices by the traders, manufacturers and service providers to cheat the consumer. The organization has been running a DCIC (District Consumer Information Centre) at DCDRF (District Consumer Disputes Redressal Forum) campus, Dhenkanal. One Counselor has been appointed by the organization to offer counseling and guidance to the worst victims of consumer and other citizens conflicted with consumer rights, duties and responsibilities.

3. Prevention of Domestic Violence and Women Atrocity

Since time immemorial women are treated as perishable, disposable and consumable commodity of flesh and sex. Women are worshipped as mighty Durga but threatened as outskirts. In this context need is felt to streamline them in to the main pace of development. Human Trafficking from the poorest countries is increasing at a high rate; and there are growing concerns worldwide to prevent such inhuman activities and perceive this as a violation of fundamental human rights. The child rights organizations, the women movements and other human rights organizations are quite active against trafficking for whatever reasons, may be tourism, labour or other purposes.

There is no doubt that abuse of Child right and especially that of girls is prevalent in Odisha and its scale is high. In the brothels of different cities one finds a large number of girls are used for prostitution. Many of them trafficked from rural areas. There is immediate need of effective measures to prevent such practices apart from protecting and rehabilitating the victims. Poverty, lack of proper education and callousness of the general mass and their forums in a sense help such heinous things to happen. As such, appropriate strategies are required to prevent the trafficking of girls from source areas to weed out child protection.

Dhenkanal is one of the thirtieth district of Odisha state where the prevalence of women and child trafficking is very high due to illiteracy, poverty and many other causes. Trafficking of women and children for commercial sexual exploitation goes on, the rural and backward pockets being the collection venue and the cities being the destination organized crime that violets basic human rights. Most often these victims are trafficked through means like fake marriages, abducting and kidnapping

etc. The problem of trafficking of women and children for commercial sexual exploitation is especially challenging due to its complexities. While poverty low status of women, lack of a protective environment etc. are some of the causes for trafficking. An alarming trend that has emerged in Dhenkanal district in recent years is sexual exploitation. To prevent such inhuman activities NEW INDIA has initiated some initiatives based following objectives.

Objectives:

- ❖ Streamline women and adolescents in to the main pace of development thereby preventing the diversified social maladies.
- ❖ Prevent trafficking of women and children especially young girls for commercial sexual exploitation through social mobilization and involvement of local communities, awareness generation programs, general public discourse through workshops/seminars and such events and many other innovative activity.
- ❖ Facilitate reintegration of the victims in to the family and society at large.

H. Misc Activities

1 .Awareness on Sanitation & Swachha Bharat Abhiyan

NEW INDIA being a front line civil society has actively involved in the SWACHH BHARAT ABHIYAN during the year of report. It is one of the main aspects in health to keep the health healthy. Sanitation act as a representation to manifest the health condition of the community in order to keep the

community healthy & disease less. **NEW INDIA** has conducted a sanitation rally with the active participation of Karamul G.P. villagers to make the people aware about the sanitation. This rally carried out by placards, slogan, skit etc. by the school children. The children were as a catalyst to spread the message regarding the sanitation all over the village. The main objective of this rally was to make the people conscious about the effect of sanitation & to take the control over the common diseases in the village level. The organization in association with District Water and Sanitation Mission (DWSM) Dhenkanal constructed 320 numbers of household latrines at different villages in Gondia block under Dhenkanal district, Odisha.

2. Disability welfare Programme

In the context of generating massive awareness among the disability persons in Gondia block under Dhenkanal district, Odisha. In the awareness campaign there were 72 disabled persons of Gondia block attended. The organisation invited government functionaries, social activists and horticulturists to awake the farmers about different horticulture produces, various schemes of Government in the line department, means of convergence and regarding providing required backward and forward linkage. The resource persons distributed different leaflet, booklet and posters on agriculture and horticulture advancement technology and present trend of marketing and financial tie-ups. The duration of the program was two days and residential.

3. Training on Bio Technology

NEW INDIA being a front line civil society has actively involved in the farmers and farm based workers on improved bio technology during the year of report. It is one of the main aspects in health

to keep the health healthy. Sanitation act as a representation to manifest the health condition of the community in order to keep the community healthy & disease less. **NEW INDIA** has conducted a sanitation rally with the active participation of Santhapur G.P. villagers to make the people aware about the sanitation. This rally carried out by placards, slogan, skit etc. by the school children. The children were as a catalyst to spread the message regarding the sanitation all over the village. The main objective of this rally was to make the people conscious about the effect of sanitation & to take the conquer over the common diseases in the village level with emphasis to biotechnology.

4. Literacy for Tribal girl

Since time immemorial women are treated as perishable, disposable and consumable commodity of flesh and sex. Women are worshipped as mighty Durga but threatened as outskirts. In this context need is felt to streamline them in to the main pace of development. Human Trafficking from the poorest countries is increasing at a high rate; and there is growing concern worldwide to prevent such inhuman activities and perceive this as a violation of fundamental human rights.

In this context, the organization NEW INDIA has run 3 functional literacy centre for the tribal girls in Kankadahad block under Dhenkanal district.
